-

OBSOLESCENCE STATEMENT

We can confirm that VIGIL2 Amplifiers & Peripherals will be made obsolete in October 2023 and this is a “Last Time Buy” notification.

We do not recommend these products for use in new systems after this date.

WARRANTY & SUPPORT INFORMATION

We will still provide technical & product support for existing VIGIL2 systems after this date. Advance replacement items and individual purchases will still be available for the duration of the remaining warranty period and we will continue to service and support these products for the lifetime of the system, subject to component obsolescence.

SUGGESTED ALTERNATIVE PRODUCTS FOR NEW SYSTEMS

For new systems the VIGIL3 range of amplifiers provide all functionality enjoyed by the VIGIL2 range with the advantage of reduced rack space and increased efficiency.
