

EMERGENCY CALL POINT

OPERATING INSTRUCTIONS

IN CASE OF EMERGENCY

Emergency Services & T-Coil users only:

- Open Door, lift telephone handset & wait for operator to answer.
- When conversation has finished, replace handset & close door.

All other users:

- Do not open door - press the 'CALL' button to initiate a call.
- A Ringing Tone will sound and the STATUS light will illuminate.
- The call will be answered.
- Wait for the operator to finish speaking before replying.
- Speak clearly in the direction of the unit. Do not press or hold the 'CALL' button during the conversation.
- When the conversation finishes the STATUS light will remain on. The operator is kept aware that you have made a call from this location and can contact you again.
- If you want to speak to the operator again press the 'CALL' button.
